

World's largest Crude Palm Oil (CPO) producer .
in 2006 INDONESIA become the world's largest Crude Palm Oil (CPO) produser.

It was the much increased CPO production in higher fresh fruit bunches yield and oil extraction is expected at 18 million tonnes.

60% of the 7 million ha total planted area is owned by private companies , many have seeked listing on the Stock Exchange of Singapore (SGX) and the Jakarta Stock Exchange (JSX)

while Malaysia may no longer reign as the worlds number one CPO product , it must try its best not to lose out on its current spot as the world's largest exporter of Palm Oil Products .
